CAN'T BE ANYONE EXCEPT

First of all, the first year that we are proudly to represent you. her name is Chonlathee and we called her as a Wawa also. We kinna feel good when we are call her with her's nickname because we have to say "wa" twice and It's very cute to hear that.

Wawa is the person that we can talk to and she will listen you for every single words. So, you don't have to ask why she is student who always gets a good marks from Arjarn. Wawa, she is a very nice listener that we know in this Wawa.

HOW DID YOU COME IN HERE!?

Her's family business is about the bag factory, but there are all simple design and not sesious about fahsion, so she think that she want to put some design in It and her father always support her idea. When she tried to find faculty, she saw this department and thought that this one is her best choice that she have.

There are many works that Wowa have and It is very nice, We think she's good at this way for real.

Her taste is ver that she lik handmade things an to take a photo with friends to reduce str find some inspiratio

There are Wawa's works that she made by herself and the cause of stress is from her works, but she can solve It by herself.

SURVIVOR

ARE YOU STILL HERE

After we are passed from the first year in VCD department, we must try so hard to be a good student in the second years because it would be harder than the previous year. So, we find out who is gonna be the good example for us and now we finally found her!

Her name is P' Praewa that we selected her to be our model to follow her lead because she is very kind and friendly to us like her never fear anything about meeting new people. Her work is very adorable and also aesthetic.

He told us that VCD department teach many things about design, so work is up to ourselves that what to live with the agency or be as a freelance that very free.

Don't worry about work, you would get it in the right time and If you have any chance, you must grab it anyway You must be unique, that every company will hire you to do their job. No one want the designer that design boring work.

AWESOME CONGRATULATION!
